		€0.015 (estimate, as this is confidential)	Plastic 1-3L: €0.016
Slovakia	p. 042, scope	Material type Plastic (PET), metal	Material type Plastic (PET, HDPE, PP, etc.), metal
Saskatchewan	p.094, return rate	Return rate (2021-22)*	Return rate (2021-22) <i>(there should not be an asterisk next to the data year)</i>

Who is Reloop

Reloop is an international non-profit organisation that works at the centre of policy-making with governments, industry stakeholders, and NGOs. Our vision and mission are ambitious and focused on building a world free of waste, where our natural resources remain resources. Reloop's policy positions and recommendations are always based on data-driven research, real-world case studies and experience, best-in-class principles, and the collective expertise of our team.
